WHAT IS COLORS BY CLARUS?

Our advanced color coating technology and premium glass offering provide unparalleled brilliant color vibrancy and limitless color options.

WHY CBC?

Colors by Clarus redefines how you interact with your environment. It's not just about color—it's about sparking innovation, nurturing collaboration, and enhancing productivity. With our advanced glass color-coating technology, your ideas come to life on a sleek, non-porous surface that remains pristine over time.

CLARUS GLASS

- 1/4" Clarus tempered safety writing glass
- Available in Starphire (gloss) or Silk (matte) finish
- Non-staining writing surface
- Compatible with any marker, even permanent
- Clarus Opti-Clear finish and eased corners for safety

At Clarus, we believe that color speaks louder than words.

Vibrancy

Glass enhances color ensuring that colors aren't just seen, but experienced.

Accuracy

Clarus excels in the color matching process. Our team has you covered to match your perfect shade.

Stunning Clarity

Crafted from premium low-iron glass, offering unparalleled color fidelity, radiant vibrancy, and brilliant clarity.

Tailored Expression

Customize the color of your glass board for a seamless fit into any space.

COLORDROP™

Any Image. Any Graphic. Any Design.

Clarus' exclusive glass UV printing technology. Print vibrant images, logos, graphics, or charts directly onto your glassboard.
