ThinLine Corner Brace

OVERVIEW

Buckle down on your workspace challenges with Divide ThinLine from Clarus®. This beautifully engineered desk divider system boasts clean lines that won't harm your existing office furniture. Since no drilling is involved and all hardware screws are strategically hidden inside the clamps, Divide ThinLine seamlessly integrates and reduces visual distractions in your office, all while maintaining the overall aesthetic. Using this new patent pending state-of-the-art clamping system, Divide ThinLine can be easily installed at the back, side or along the centre of a desk, giving you the freedom to accommodate power cords, monitor arm attachments and more. You have the option to mix and match ThinLine Top, ThinLine Side and ThinLine Centre hardware on the same table, which allows you to uniquely divide up your office with stability and style.

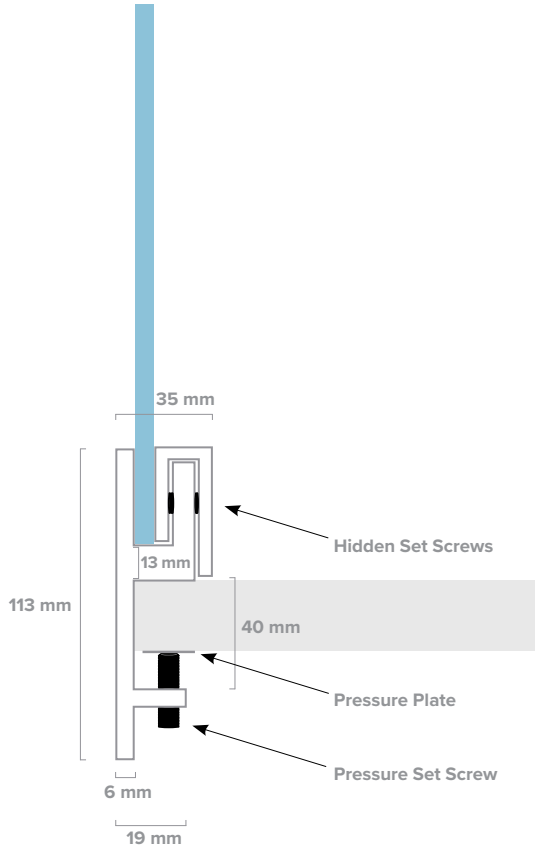

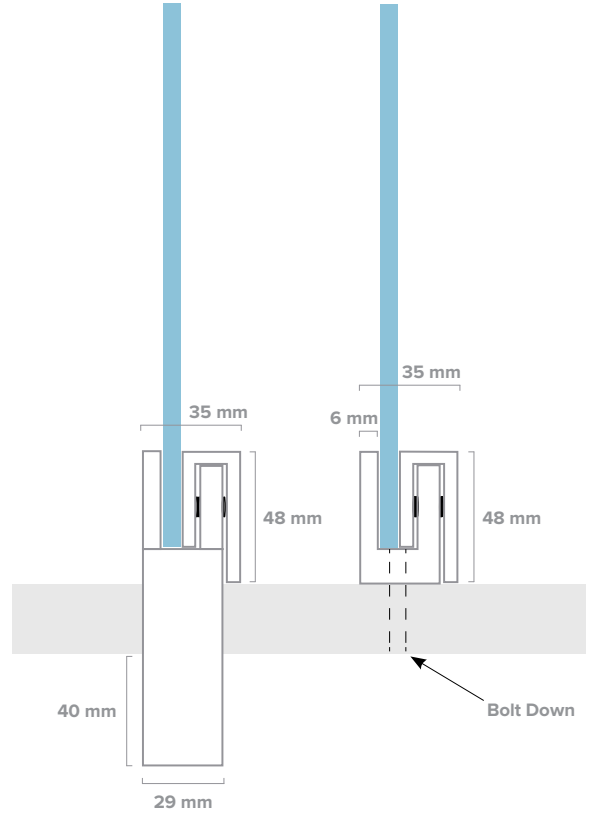

ThinLine Side Clamp

SPECIFICATIONS

Work directly with a Clarus representative to determine whether the ThinLine Top clamp, ThinLine Side clamp, ThinLine Centre clamp, or a combination of all three, is right for your space. No matter what, Divide ThinLine gives you customisable options for any office environment.
