

SPOTS & DOTS

Add distinct patterns and grids to your glassboard.

ORGANIZED & CREATIVE

Spots & Dots step outside the box of traditional glassboard designs, setting the stage for organized note-taking, with a layered design aesthetic. Make your glassboard sharp and timeless with Grid, bring life into your space with Dots, or add some of both to create playful structure.

COLORS & PRINTING

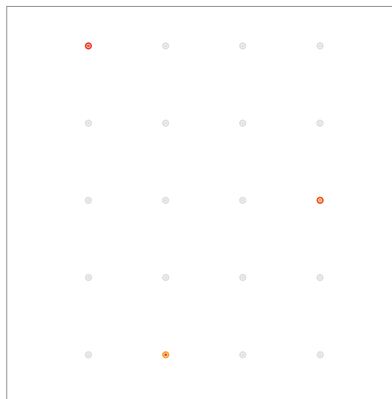

Colors By Clarus allows you to design your spots and dots in beautiful color, while ColorDrop technology prints your design in crisp, high resolution.

- Available in 25+ colorways
