How to Build Your System or Board

There are two ways to build out your empowerED™ system and/or single board(s):

Option #1 – Build Your Own System (pg. 3)

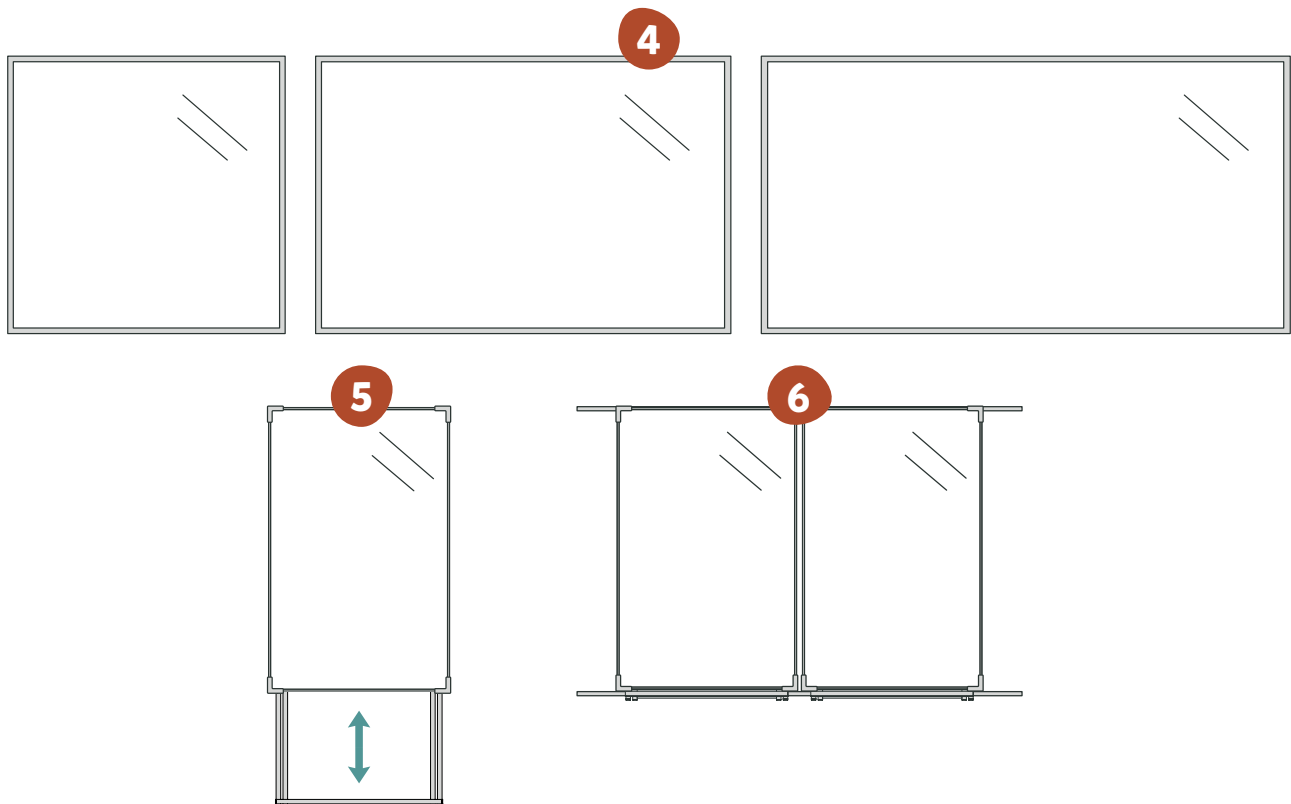

- 1 Choose the dimension of your ultra-thin, projectable center board, THEN
- 2 Choose the materials of your two side panel boards, THEN
- 3 Add Portable Snap Fit™ board(s)* to your system.

**Patent pending*

Option #2 – The Freedom to Choose (pg. 5)

- 4 Choose a single 4'x4', 4'x6', or 4'x8' ultra-thin, projectable glassboard, AND/OR
- 5 Choose a single Portable Snap Fit™ board, AND/OR
- 6 Choose multiple Portable Snap Fit™ boards with wall extrusions for mounting purposes.

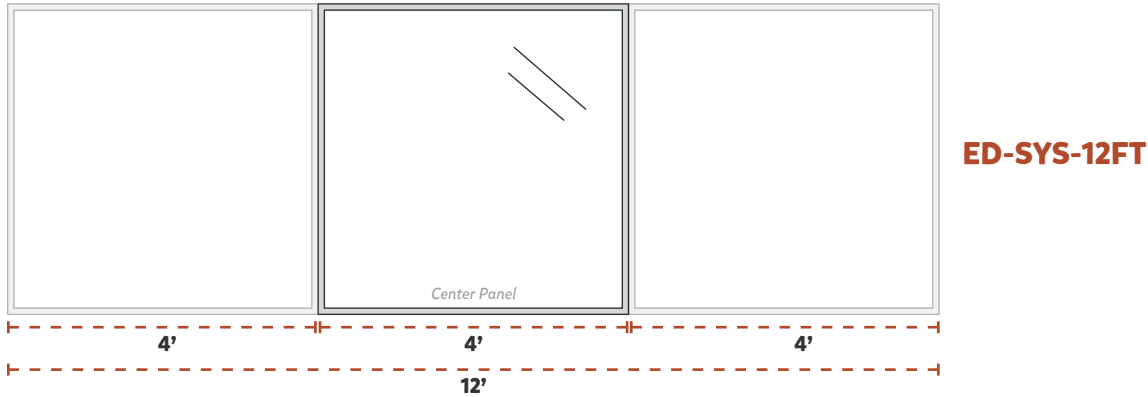

Build Your Own System

1 Choose Dimension of Center Board

There are three different systems based off of the overall system length. Please note that the center panel will always be ultra-thin projectable glass.

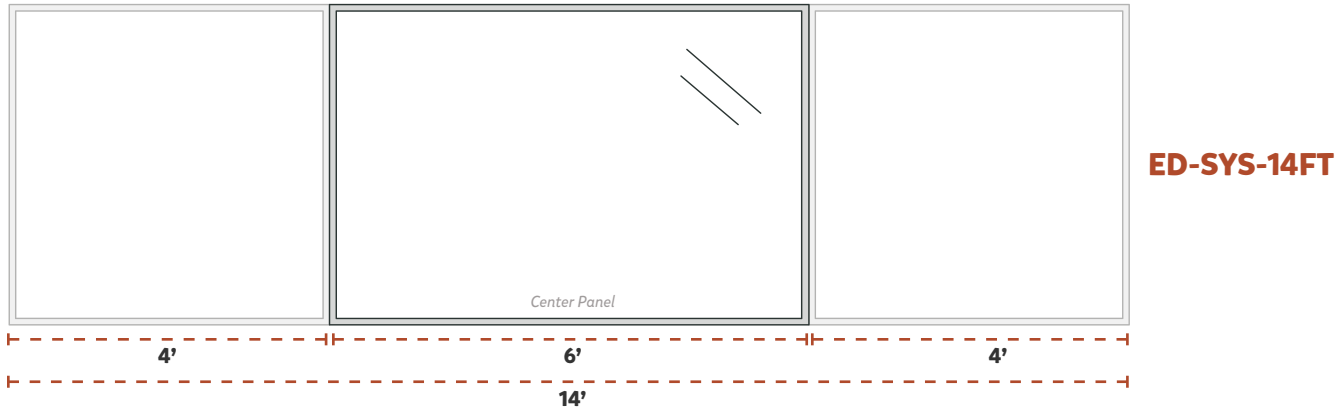

System A

Overall length = 12'

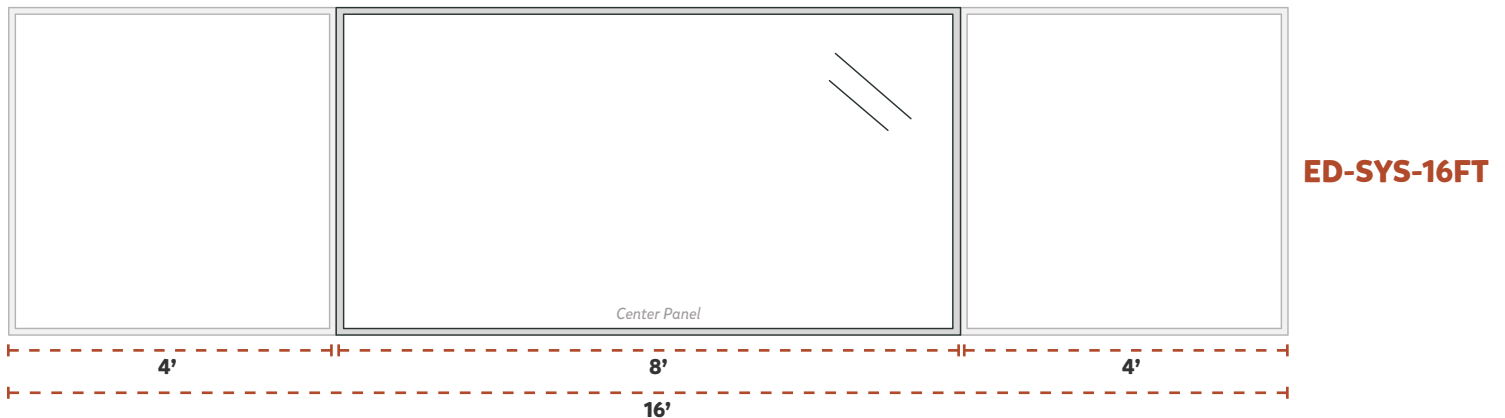

System B

Overall length = 14'

System C

Overall length = 16'

2 Pick Your Side Panel Materials

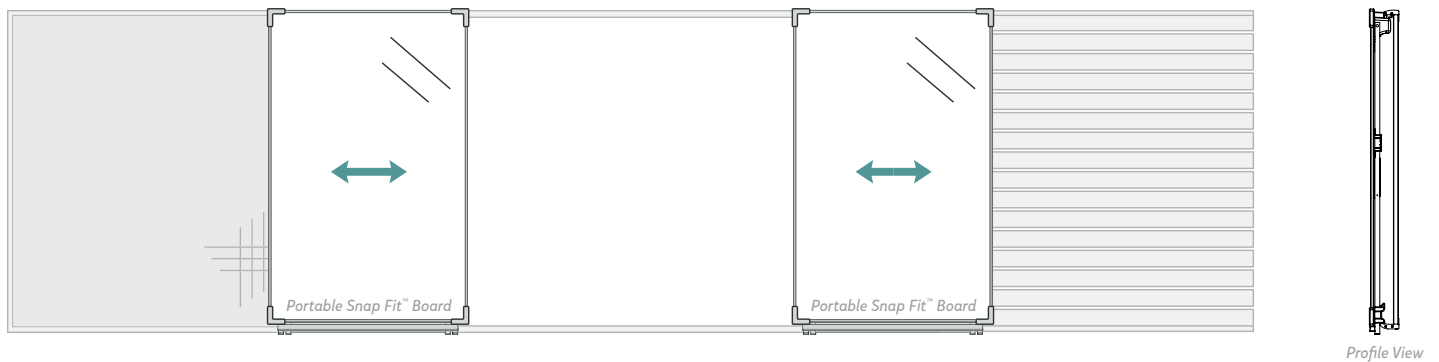

There are two 4'x4' side panels in each system. Please pick up to two (2) materials for your side panels.

Materials

3 Add Sliding Portable Snap Fit™ Boards*

*Portable Snap Fit™ Boards are NOT included in the empowerED™ visual communication system. They are an optional add-on.

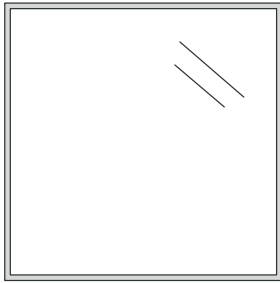

ED-PSF-WH-48x30

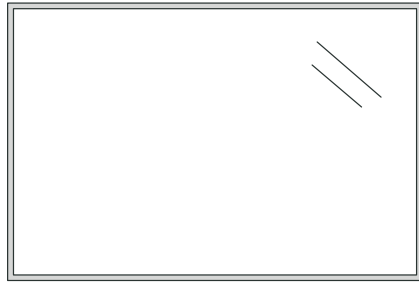

Now that you have chosen your overall system length, picked out your side panel materials, and added Portable Snap Fit™ boards, you can skip ahead to **pg. 6 for your system SKU and pricing.**

The Freedom to Choose

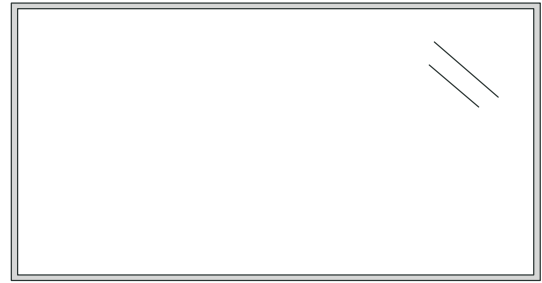

4 Ultra-Thin Glass Board

4'x4' Ultra-Thin
ED-UT-WH-F-48x48

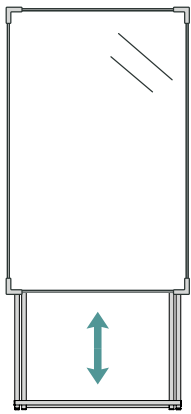

4'x6' Ultra-Thin
ED-UT-WH-F-48x72

4'x8' Ultra-Thin
ED-UT-WH-F-48x96

5 Portable Snap Fit™ Board

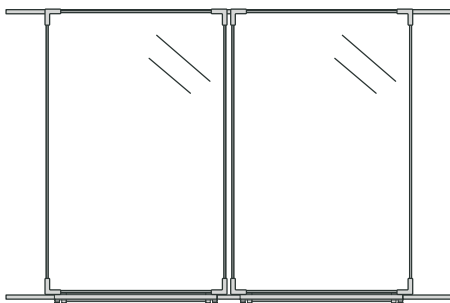

ED-PSF-WH-48x30

Profile View

6 Portable Snap Fit™ Board Pack

Just want the Portable Snap Fit™ Board Pack? No problem! Portable Snap Fit™ Board Packs come in multiples of two (2) and include wall extrusions for mounting purposes.
